GUSTAVO FONTENELLE BELMIRO

**Rio de Janeiro, Brazil | +55 (21) 97654-6644 | contato.gusttaa@gmail.com [Linkedin](#) |
[Portfolio](#) | [GitHub](#)**

OBJECTIVE

Enthusiastic Computer Science student seeking a Web Development Intern role. I combine
hands-on experience in HTML, TailwindCSS, and React with a strong background in [Next.js](#)
and Workflow Automation (n8n). I am eager to apply my technical skills to streamline
company operations, build customized websites, and learn from senior developers in a
remote environment.

TECHNICAL SKILLS

- **Web Development: React, [Next.js](#), TailwindCSS, LUA, Verse.**
- **Automation & Operations: n8n (Workflow Automation), API Integrations,
  Process Optimization.**
- **Tools & Security: Git/GitHub, Docker, Best Practices in Data Security.**
- **Languages: Fluent English (Experience living and working in the USA).**

PROJECTS & EXPERIENCE

Ninja Studios + Level 8 | *Junior Developer Oct 2024 – Jun 2025*

- Developed interactive software features, ensuring seamless integration between
  systems.
- Conducted rigorous testing and debugging, a practice I apply to web development to
  ensure bug-free deliverables.
- Collaborated in a remote/hybrid team environment, attending meetings and reporting
  progress.

CataLendas Project | *Developer Jun 2024 – Dec 2024*

- Managed the entire project lifecycle independently, demonstrating the
  self-management required for remote internships.
- Researched and implemented technical solutions to optimize project logic and
  performance.
- Delivered organized code and documentation, facilitating future maintenance.

Tomatos Meta-Verse Project | *Developer Apr 2023 – Apr 2024*

- Worked with a team to structure code and implement new functionalities.
- Participated in code reviews and technical discussions, fostering a culture of
  continuous learning.

EDUCATION

Computer Science | Estácio de Sá University *Current (Expected Graduation: Jan 2027)*
